Essex Security and Fire Protection Association

induction

This years AGM was held on the 16th of April with the care permission of BT Redcare at their Brentwood HQ. BT Redcare have also very kindly agreed to host another event later this year with no cost to the Association. Thank you to Redcare for their continued support.

The Association has gone through a difficult time over the last few months, but hopefully we are now back on track, we launched a new web site at the AGM and wish to keep on improving it to make it work for members and benefit us all. Any comments or ideals that please forward them to the web master.
