

Essex Security and Fire Protection Association

Summer Event Minutes

Issue 02

July 08

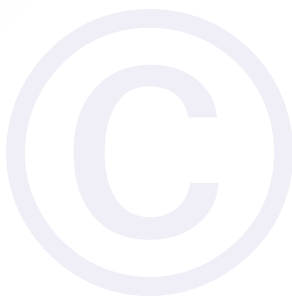

Essex Security and Fire Protection Association

induction

This years summer event was held on the 16th of July with the care permission of Clearview at their Chelmsford HQ. Clearview have also very kindly agreed to host another event later this year with no cost to the Association. Thank you to Clearview for their continued support.

The Association has gone through a difficult time over the last few months, but we are now back on track, we launched a new web site at the AGM and wish to keep on improving it to make it work for members and benefit us all. Any comments or ideals that please forward them to the web master.

Summer Event Minutes

Essex Security & Fire Protection Association

Minutes of meeting held 16th July 2008 .

Minutes --Wednesday 16th July "Summer" Seminar held at Clearveiw Communications, Robjohns Road, Widford Industrial Estate Chelmsford.

This was another successful seminar with an excellent turn out considering the time of year and a local authority day of action. 32 in attendance including 2 new members. I was biting my nails with the loss of 2 speakers only days before the event but never fear Paul Main of Clearveiw came to the rescue, not only sponsoring the event and providing the buffet but providing two speakers. The informative topics covered were, CCTV over IP, Mega pixel cameras, intelligent CCTV systems, visual and audible recording equipment for police and enforcement agencies.

The idea of members having the opportunity to `POP UP` and introduce themselves and their company in 1-2 minutes again proved to be successful. The last meeting one new member in the fire industry passed on some business opportunities to another new member. This time, Andy Woodgate, A Plus Contracting informed the association he has purchased a Cherry Picker completed all his training and is now working for himself and available for hire. This was of interest to many members who need a cherry picker and driver just for a day or two.

Looks like more business between members, just what the association is all about.

Why dont you POP UP and promote your company at the next seminar?

Mark Zimmer from Sashlok gave a presentation on the lack of security of old Double Glazing units and how to upgrade the security without replacing the windows. He then demonstrated the problem of lock bumping and an interesting discussion was held on both subjects.

After we had our brain food we started on our tummies, with another excellent spread of food supplied by Clearveiw.

I take this opportunity on behalf of all members and the committee in thanking Paul and all his staff for their hospitality.

Please spread the word about the association and lets all try and introduce a new member. see you all at BT HQ Brentwood on Oct 15th 2008 .

Potential speakers for the next meeting .. BT RedCare, Graham from Actfast Locksmiths- (confirmed speaker)

John Hills - Chair ESFPA

Future seminars for your diaries.
